

I benefit greatly from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. As a paying customer for these services, I feel it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear! I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve as an American.
